Letter No. 6925 *dated* 13th February 1914

from the President, Municipal Commission, Colombo.

SUBJECT.

Grant of land to Rev. Hugh Lee for building purposes

Rev. Lee has applied to buy the land required by him, but the Commission has decided to make a free grant of the same because he has given a bit of ground for municipal purposes. The land required by Rev. Lee measures only 27 ft × 25 ft.

The Commission say that the land is municipal. It is not clear whether it was required by the Commission under sec. 40 of the municipal law or whether it was transferred to them under sec. 73 (f) of that law. We need perhaps raise no question as to the proprietorship of the land and accept the Presidents' statement that the land belongs to the municipality. The proposed free grant may be approved.

Draft submitted for approval

It may perhaps be brought under section 73 (g)

R.S.
17/4/14 The Municipal Commission are inclined to be rather generous in the disposal of municipal property. But Rev. Lee says

a bit of ground was given to the municipality. He does not say that he gave it. Its area is not mentioned. Unless Mr Lee gave up that bit and its is about equal to that now applied by Mr Lee, there is no justification to make a free grant. This may be ascertained D/O from the President?

W.O. 17/2. Rest.

We may perhaps sanction this, though, as Mr Lee is prepared to pay for the land, it seems unnecessary for the Commissioner to make him a present of it.

Dr.Winckler objected on sanitary grounds to the grant of the land for the purpose intended, that is, construction of a latrine by the side of the public road.

Messrs.Webster and Johnson supported the application. The question whether the land be sold or granted free to the applicant was then considered and it was resolved that the grant be free. 4 voting for in favor of the sale and 7 in favor of the free grant.
